LIABILITY INSURANCE COVERAGE FOR AGENCY FOSTER HOMES

POLICY

Tuscarawas County Job & Family Services provides liability insurance for foster homes licensed through the agency.

This insurance covers such things as:

- damages a foster parent may be required to pay to a foster child's biological parent;
- claims against a foster parent resulting from acts of the foster child;
- the cost of legal representation if the foster parent is sued for any of the covered events.

This insurance is secondary to coverage through a foster parent's homeowner's insurance.

PROCEDURE

1. Foster parents immediately report any incident that may result in a claim to their Foster Care Worker at Tuscarawas County Job & Family Services.
2. The Foster Care Worker will notify the insurance carrier about the incident.
